#### DATES JUST ANNOUNCED

7th meeting of the IOBC/WPRS Working Group  
"Landscape management for functional biodiversity"  
will be held in conjunction with a British Ecological Society Agricultural  
Ecology Special Interest Group meeting on 29-31 March 2017  
Dundee, Scotland

We are busy planning our exciting programme.

We are happy to announce that the 7th meeting of the IOBC/WPRS Working Group "Landscape management for functional biodiversity" in conjunction with a meeting of the British Ecological Society Agricultural Ecology Special Interest Group will be hosted by The James Hutton Institute.

The meeting will bring together scientists with land managers, conservation bodies and other stakeholders to discuss the latest advances in the research, development and application of landscape management for functional biodiversity with the aim of identifying barriers to landscape management and opportunities to tackle these.
