

9<sup>th</sup> meeting - IOBC  
WPRS Working Group  
07<sup>th</sup> - 11<sup>th</sup> OCT 2019

## Integrated Protection in Oak Forests

The 9<sup>th</sup> MEETING OF THE IOBC-WPRS WORKING GROUP - "INTEGRATED PROTECTION IN OAK FORESTS", will be held at INIAV - Instituto Nacional de Investigação Agrária, I.P., in OEIRAS, PORTUGAL, from 7<sup>th</sup> to 11<sup>th</sup> October 2019.

This meeting invites scientists and professionals from public and private sectors, as well as graduate and post-graduate students dealing with integrated protection in oak forest.

The main topics for discussion at this event were:

- Oak decline factors and plant resistance;
- Pathogenic fungi biology, impact and control methods;
- Pests biology, impact and control methods;
- Biodiversity and conservation of oak forests;
- Oak forest management.

We want our organizational commitment to allow enjoy an intense week of work, creating a positive image of this experience to become a spokesperson and encourage other people to join this initiative.

The main objectives of this meeting is to connect the different researchers from the Mediterranean region, to update, share and transfer the current knowledge, to identify strategic research needs and partnership opportunities and to network and analyze the current state of Oak forests.
