

## IOBC/wprs Bulletin Vol. 28(6) 2005

Working Group "Insect pathogens and entomoparasitic nematodes", Subgroup "Slugs and Snails". Proceedings of the meeting at Schloss Flehingen, Stuttgart (Germany), October 26-29, 2004. Edited by: David A. Bohan. ISBN 92-9067-178-3 [vi + 134 pp.]

Snails and slugs as non-targets for environmental chemicals <i>Rita Triebeskorn, Katja Bader, Beate Linder &amp; Heinz-R. Köhler</i> .....	1
Antifeedant and molluscicidal activity of scented myrrh applied as a spray <i>Ahmed Y Ali &amp; Ivor D Bowen</i> .....	9
New findings on metaldehyde as a slug control active ingredient in integrated production systems <i>Markus Bieri, Plozza Ernesto &amp; K. Christensen</i> .....	15
Ferramol (Sluggo) – new results of slug and snail control on various crops worldwide <i>Andreas Prokop</i> .....	19
Evaluating the effects of beetle predators on slug population dynamics <i>Yoon Choi, David Bohan &amp; Mikhail Semenov</i> .....	25
A comparison of growth trends among separate populations of the slug <i>Arion ater</i> (L.) in Biscay (Northern Spain). <i>M. Mercedes Ortega, Jesus M. Txurruka &amp; Udane Aranbalza</i> .....	29
On the importance of temperature and moisture to the egg laying activity of a pest slug, <i>Deroceras reticulatum</i> (Müller) <i>J C Willis, D A Bohan, Y H Choi, M A Semenov, J Park, V K Brown &amp; E Gussin</i> .....	35
Modelling growth of the reproductive tract of slugs ( <i>Arion ater</i> ) from two populations of Urdaibai (Biscay, Northern Spain) <i>Jesus M. Txurruka, Mercedes Ortega &amp; Jon Saenz</i> .....	41
Estimation of surface active slug populations using refuge traps <i>Sally Howlett, Gordon Port &amp; Alan Craig</i> .....	53
Responses of <i>Deroceras reticulatum</i> to the annual effects during the last three years <i>Adel El Titi</i> .....	59
A change in <i>Monacha cantiana</i> distribution following a change in the use of arable farmland. <i>Jane Ward-Booth &amp; Georges Dussart</i> .....	65
Assessing the risk of slug damage to oilseed rape and the need for control measures <i>David Glen, Holger Kreye, Wolfgang Büchs, Adel El Titi, Bernd Ulber &amp; Matthias Wörz</i> .....	75
Integrated control of slug damage in winter wheat <i>David Glen, Geoffrey Bamber, Christopher Batchelor, David Bohan, Victoria Evans, John Fisher, Michael Godfrey, David Green, Eric Gussin, Richard Meredith, Jon Oakley, Gordon Port &amp; Christopher Wiltshire</i> .....	79
Influence of slug populations on green manure crops <i>Albert Ester &amp; Hilfred Huiting</i> .....	83
Decision Support Systems for management of slugs <i>Gordon Port, Rosemary Collier &amp; Caroline Parker</i> .....	87
Influence of the farming system and specific cultivation methods on the slug damage level in swiss potato production <i>Andreas Keiser, Martin Haeblerli, Erich Schnyder &amp; Pierre Berchier</i> .....	91
Simultaneous detection of the remains of multiple species of mollusc and other prey in carabids using multiplex PCR <i>King, R.A., Harper, G.L., Dodd, C.S., Harwood, J.D., Glen, D.M., Bruford, M.W. &amp; Symondson, W.O.C.</i> .....	95
Impact of some agricultural practices on Carabidae beetles <i>André Chabert &amp; Christian Beaufreton</i> .....	101
Impact of some insecticides on Carabidae and consequences for slug populations <i>André Chabert &amp; Joachim Gandrey</i> .....	111
Facultative scavenging by <i>Pterostichus melanarius</i> on slug carrion: detectability of decayed prey in the predator's guts using PCR <i>Pavel Foltan, Samuel Sheppard, Martin Konvička &amp; William O.C. Symondson</i> .....	115
The use of <i>Phasmarhabditis hermaphrodita</i> (Nemaslug®) for the control of slugs, an update of the most recent results <i>Cyrille Verdun &amp; Nicolette Linton-Sleeuwenhoek</i> .....	121
Molecular detection of the nematode <i>Phasmarhabditis hermaphrodita</i> within slugs and predators of slugs <i>D.S. Read, M.W. Bruford, D.M. Glen &amp; W.O.C. Symondson</i> .....	127
Molecular detection of slug DNA within carabid predators. <i>Ciara S Dodd, Michael W Bruford, David M Glen &amp; William OC Symondson</i> .....	131
